4U1UN United Nations Headquarters –update

Effective 13 June 2023, Mr. Metin Serbetci (K2ECE), a Senior Security Officer in UNDSS, will be taking my place as the next UNARC/4U1UN President. It is with a heavy heart that I must announce the relinquishment of my post and title. I've been at the helm of the United Nations Amateur Radio Club for close to 15 years, and while I've savored my experiences captaining the oldest and most prestigious UN staff recreational entity, I've recognized that the club I represent deserves so much more than I can give it. <https://www.dx-world.net/news-4u1un/>

IOTA Rule Amendment

The IOTA Board agreed at its meeting on 25 May 2023 a number of amendments to IOTA Programme Rules B.3.8 and 3.9. Both have been rewritten to clarify whether they refer to contacts made by remote operating at the chaser end or at the island operator end. The main change at the chaser end is to increase the maximum acceptable distance between the home station and the remote station from 100 kilometres to 500 kilometres (310 statute miles). Both will still need to be located in the same DXCC entity and use of more than one remote site or a network using multiple remote sites will still not be permitted for credit. <https://www.dx-world.net/iota-rule-amendment/>

T31TT Kanton Island –update June 6

With nearly 60K QSOs in the log, here's some pictures of the T31TT activity courtesy Rebel DX Group - more pictures found here <https://www.dx-world.net/t31tt-kanton-island/>

CY0S Sable Island –QSL update

The CY0S QSL cards have arrived from the printing company and K5DHY and WA4DAN are hard at work processing the QSL requests. Hundreds of CY0S QSL cards are being mailed everyday through the US Post Office. This process will continue seven days a week until all QSL requests are answered. We anticipate having all OQRS and direct requests completed by the end of June. We started with over 7000 QSL requests with more arriving everyday. Please be patient as we work through the backlog. We are working quite a few hours a day to get this completed. The CY0S card has six panels with two folds with a wonderful Sable Island horse on the front. You will see others throughout the card, enjoy! At the time of the CY0S DXpedition, there were 550 wild horses on the island.

VP6, DUCIE ISL **VP6A** will be on the air from Ducie Island (OC-182) from June 10 to June 24, 2023 (actual dates will be subject to WX). There will be five stations on the air on all bands from 160 to 6 meters, working CW, SSB and FT8.

Following the successful test of remote operations at [FO/AA7JV](https://www.dx-world.net/fo/aa7jv), where over 11,000 remotely operated QSOs were made by five remote operators, VP6A will apply this concept to a full rare island DXpedition.

A total of 14 operators based in North American, Europe and Asia will operate land based remote controlled stations around the clock. There will only be three local operators at Ducie: W6IZT, KN4EEI and AA7JV. This small team will set up and maintain the stations and operate locally from the nearby boat. They will visit the island once a day to refuel the generators and do any necessary maintenance. In line with the minimum foot-print concept, no camping on the island.

Special calls

THE NEWCOMERS

F, FRANCE Michel, F8GGZ will be active as **TM400BP** on 14-21 June. The special callsign memorializes the 400th anniversary since the birth of Blaise Pascal, the French mathematician, physicist, inventor, philosopher and writer (19 June 1623). QSL via home call. (TNX 425DX)

I, ITALY Launched in 1904, the "Elettra" was a two-masted steam yacht that Guglielmo Marconi used as a floating laboratory for many experiments. Part of her keel stands in the grounds of Villa Griffone, at Pontecchio near Bologna, from where ARI Fidenza will be active as **IY4FGM** on 10-11 June.

LX, LUXEMBOURG Amateur radio operators from France, Luxembourg, the Netherlands and Germany have hold a meeting in Luxembourg since 1969. Look for special event call **LX8SAR** to be aired during this year's event, which will take place on 16-18 June at Weicherdange. All QSOs will be confirmed via the bureau.

OK, CZECH REPUBLIC The special station, which will earn you 5 points in the competition for the 100th anniversary of the start of regular radio broadcasting in Czechoslovakia and a connection with it is necessary to win the gold diploma, will be activated for the second time on Friday 9 June 2023 and will be identified by callsign **OL100R**. To commemorate the pioneers who started radio broadcasting, this station will be active on medium waves at 1233 kHz with classical modulation A2 and A3 and connections with this station will be established crossband. Station OL100R will announce the frequencies in the amateur bands on which it will listen to your calling and will respond to you on 1233 kHz. Frequencies will be announced on 1233 kHz and at <https://ceskyradioklub.cz/aktuality/aktivita-ol100radio>. Transmission will commence 18:00 UTC hours and is expected to operate until 20:00 UTC, possibly longer as long as there is interest in joining. As this is not a standard contest, but a contest to commemorate the anniversary, and the organizer wishes to allow DX stations to win the gold diploma, there are exceptionally no objections to the use of the SDR web receiver for reception on medium wave. Please use CW mode for telegraph contact, OL100R will answer you with A2 modulation, for phonic contact use SSB mode, OL100R will answer you with A3 modulation. See <https://cro100.cz/>, QRZ.com and <https://ceskyradioklub.cz/aktuality/akt>

Once every two years, thousands of athletes from across the globe — from Scandinavia to the Mediterranean, the North Atlantic to the Caribbean and South Atlantic — come together to compete in the NatWest International Island Games. In 1985, as part of their Year of Sport, the Isle of Man set in motion an ambitious plan to bring together athletes from small islands across the world to take part in a new sporting festival dubbed the 'Inter-Island Games'.

700 sportsmen and women from 15 islands landed on Manx soil for what the UK national press called the 'Small Islands Mini Olympics'. Competitors hailed from the Faroe Islands and Scandinavia in the northern hemisphere, the British Isles, the Mediterranean and as far afield as St Helena in the South Atlantic—a 5,000-mile trip.
